Teresian House Third Party Billing Statement

Due to the continuous budget cuts made by both Federal and State legislators, many people are turning to alternative health insurance options and away from Medicare. Teresian House is a progressive facility, however, it is not possible for our staff to comply with all individual insurances. Therefore, we would like to take this opportunity to make you aware of our facility's policy regarding this matter. This policy will be strictly enforced.

Teresian House is a participating provider with Medicare and will accept assignment for Medicare Part B services. We bill Medicare for Part A and Part B services. If a resident does not have both Part A and Part B Medicare coverage as primary payor, the Resident/Responsible Party will be billed for any denied or non-covered charges. Payments for these charges are due by the fifteenth of the month for which the bill was sent. It is the sole responsibility of the Resident/Responsible Party to obtain reimbursement from any other sources.
